[Verse 1:]

You've Been Going through a Situation  
Your Back's Against the Wall  
You've Been Feeling as If You Can't Make it  
You've given it your All  
But, I know what you're going through  
Cuz' I've Been there Myself, too  
So Don't You dare give in because...

[Chorus:]

(You Will Win)  
You're Feeling Like You Wanna throw in the towel  
(You Will Win)  
You sure don't Know it but it's gonna Work Out...  
(You Will Win)  
So Don't look down, keep looking up  
(You Will Win)  
Forget about what You've done  
I promise Life goes on  
(You Will Win)  
All this time you thought that you were behind  
(You Will Win)  
But keep on goin' cuz it's your time to shine  
(You Will Win)  
So Don't look down, keep looking up  
(You Will Win)  
Forget about what You've done  
I promise Life goes on

[Verse 2:]

You've tried everything you know to do  
Problems just got worst  
Even Family couldn't help you  
So you prayed and went to Church  
Heard a voice speak into your soul  
Saying "I am here with you, I am that I am,  
and YOU WILL WIN"

[Chorus:]

(You Will Win)  
You're Feeling Like You Wanna throw in the towel  
(You Will Win)

You sure don't Know it but it's gonna Work Out...  
(You Will Win)  
So Don't look down, keep looking up  
(You Will Win)  
Forget about what You've done  
I promise Life goes on  
(You Will Win)  
All this time you thought that you were behind  
(You Will Win)  
But keep on goin' cuz it's your time to shine  
(You Will Win)  
So Don't look down, keep looking up  
(You Will Win)  
Forget about what You've done  
I promise Life goes on

[Bridge:]

You Made it through your yesterday  
I told you that you would (You didn't think that you  
could)  
And it should be plain to see that you've got everything  
it takes  
(Life is about what you make it)  
This Moment is Yours, see what God has in store  
There's so much to look for  
So, give it everything you got, you can do it  
So gon' and give it up to God, He can use it  
So don't you give in, YOU WILL WIN...

[Chorus:]

(You Will Win)  
You're Feeling Like You Wanna throw in the towel  
(You Will Win)  
You sure don't Know it but it's gonna Work Out...  
(You Will Win)  
So Don't look down, keep looking up  
(You Will Win)  
Forget about what You've done  
I promise Life goes on  
(You Will Win)  
All this time you thought that you were behind  
(You Will Win)  
But keep on goin' cuz it's your time to shine  
(You Will Win)  
So Don't look down, keep looking up  
(You Will Win)  
Forget about what You've done  
I promise Life goes on
