Black gun parade  
Black gun parade  
It's sad and beautiful day

Black gun parade  
Black gun parade  
It's sad and beautiful day

Oh it is the best of times  
and the worst of times in life  
How can I be so low?  
How can I be so high?  
Pull the trigger or do  
I bite my tongue  
and run, and run, and run  
and march into the sun

Black gun parade  
Black gun parade  
It's sad and beautiful day

Black gun parade  
Black gun parade  
It's sad and beautiful day

When does it stop?  
How did it start?  
this division of my heart  
Black is white and white is black  
tell me how to get like that  
like the words are bullets in my lungs  
I run, and run, and run  
then I march into the sun

Black gun parade  
Black gun parade

It's sad and beautiful day

Black gun parade

Black gun parade

It's sad and beautiful day

Black gun parade

Black gun parade

It's sad and beautiful day

Oh it's the best, the best of times

yet it's the worst night of my life

Black gun parade

Black gun parade

It's sad and beautiful-

Black gun parade

Black gun parade

It's sad and beautiful day

Black gun parade

Black gun parade

It's sad and beautiful day

Black gun parade

Black gun parade

It's sad and beautiful day

Black gun parade

Black gun parade

It's sad and beautiful day
