Hands against the wall
Now I regret it all
The criminal is me
(I'll never make the same mistake again)
Diamond turned to dust
And lovers lost to lust
I cut you far too deep
(I'll never make the same mistake again)

The gods are coming,
Running after me
And I
serve my sentence silently
(I'll never make the same mistake again)

I can hear the sirens,
I can hear them ringing,
I can hear the sirens
(In my head)

I can hear the sirens,
I can hear them ringing,
I can hear the sirens
(In my head)

I can hear the sirens
(In my head)

The bars around my mind
Have locked the guilt inside
And I can never leave
(I'll never make the same mistake again)
I can't escape it 'till things have stained my memories
The love I've left is haunting me
(I'll never make the same mistake again)

I can hear the sirens,
I can hear them ringing,
I can hear the sirens
(In my head)

I can hear the sirens,
I can hear them ringing,
I can hear the sirens
(In my head)

I can hear the sirens
(In my head)

I dreamed the one, I took temptation's hand
And shattered your heart like the lust
so how can you forgive me
If I can't even forgive myself?

I can hear the sirens,
I can hear them ringing,
I can hear the sirens
(In my head)

I can hear the sirens,
I can hear them ringing,
I can hear the sirens
(In my head)

I can hear the sirens
(In my head)

In my head
In my head
In my head

In my head
