The thought of you leaving
I can't understand
So I don't think about it
I just go on and pretend
That I don't know the day is coming
That I don't wanna see
So i just keep running
Until it can't catch up to me

But I can't escape
No I have to face it
'Cause nothing else matters
But this moment here with you
I will let go of the past
And hold onto the truth
No nothing else matters
And there's never enough time
I watch you fade away
And i never will know why

I don't want to be alone
Without you to stand beside
I don't want you to feel
Pain you feel inside
If I have to let you go
If I have to say goodbye
Tell me you'll be waiting
On the other side

'Cause you can't escape it
And I have to face it
'Cause nothing else matter
But this moment here with you
I will let go of the past
And hold onto the truth

No nothing else matters
And there's never enough time
I watch you fade away
I never will know why

They tell me I'll be okay
These moments will fade
Into the depths of my mind
I see it every night
I close my eyes
I know what I'll find

'Cause nothing else matters
But this moment here with you
I will let go of the past
And hold onto the truth
No nothing else matters
And there's never enough time
I watch you face away
I never will know why
I never will know why
I never will know why

Can you tell me why
Can you tell me why
Can you tell me why
Can you tell me why
Can you tell me why
I need to know why
I need to know
I need to know why
