You and I
We're like colors in the sky
Our sun will set but always rise
You and I
and you and I
We're like rivers to the sea
What was you is now in me
You and I

I won't let you go
we are always together
Now and forever
I won't let you go
we are always together
Now and forever

In my mind
You're still real enough to me
Even if it's only in my dreams
that i see you smile
'Cause you and I
We're always mountains from the sand
Life can break us but we stand every time

But i won't let you go
We are always together
Now and forever
I won't let you go
We are always together
Now and forever

Everything comes around
When the day I'll hold you (hold you)
I miss you so much right now
But I'm with you (with you)

'Cause I won't let you go
We are always together

I won't let you go
we are always together
Now and forever
I won't let you go
we are always together
Now and forever

For now and forever
Now and forever
Now and forever
We are always together

You and I
You and I
You and I
