There's no admittance beyond this point
Unless you're gonna [incomprehensible]
And get it translated from love

And if goes off the seismograph
You have to control the aftermath
And get it translated from love

Translated, translated
Translated from love

It could've been [Incomprehensible]
Or I can make it out on my own
And get it translated from love

Now it's frightenin' just to think of it
But the most important thing it did
Was get it translated from love

Translated, translated
Translated from love
