She sits there
Her hair in the messiest bun
She stares
Straight out her window
Her tears slip one by one down her cheeks
Holding on to something she seeks

[Chorus:]
She waits for the world
To answer her calls
She sits and hides
She hides [x2]
She hates when people look her way
She wants to hide

She thinks about yesterday
She sees how the clouds weren't so gray
She saw the green grass and the singing children
She felt the wind in her hair
She felt the eyes at her stairs
But that was all yesterday

[Chorus:]
She waits for the world
To answer her calls
She sits and hides
She hides [x2]
She hates when people look her way
She wants to hide

Her tears at the brim of her eyelids
She can't ever take it
She wants to be the girl
That can save the world
She wants to hold the hands
Of the people she thought loved her the most

Yeah
Yeah Yeah
Oh Yeah!

[Chorus:]

She waits for the world
To answer her calls
She sits and hides
She hides [x2]
She hates when people look her way
She wants to hide

All she wants to do is hide
