When you walked in, It was so unlike anything I planned  
You caught me when, My whole world was falling out of  
place  
And I fell in, the moment you touched my skin  
I'm giving in. It's taking hold of me and now I'm  
thinking.

It's safe to say, You have me wrapped around you  
finger  
There's no way, I can keep a level head and now I'm  
going under  
With every word you say, I'm hanging on like a new  
believer  
I can see you face. You got me where you want me  
And I'm wrapped around your finger  
Now you've got me wrapped around, wrapped around  
your finger.

You crept in, Silently you came without a warning  
I pretend, cuz I don't want you know you leave me  
burning  
But the truth is, I don't wanna spend a day without you.  
I can't help it. It's taking hold of me and now I'm  
thinking,

It's safe to say, You have me wrapped around you  
finger  
There's no way, I can keep a level head and now I'm  
going under  
With every word you say, I'm hanging on like a new  
believer  
I can see you face. You got me where you want me  
And I'm wrapped around your finger  
Now you've got me wrapped around, Wrapped around  
your finger

Caught me when everything was out of place  
And now I'm so alive I can't take feeling this way  
Yeah, I like the way that I feel about you  
I'm not holding back there's nothing I can do.

It's Safe to say, that you're for me

There'll never be another  
When you look at me  
Sometimes I feel like I am falling under.

It's safe to say, You have me wrapped around you  
finger  
There's no way, I can keep a level head and now I'm  
going under  
With every word you say, I'm hanging on like a new  
believer  
I can see you face. You got me where you want me  
And I'm wrapped around your finger  
Now you've got me wrapped around, wrapped around  
your finger.  
It's safe to say, that you're for me there'll never be  
another
