I get a rush when I brush up against your lovin'
Feelin's start to flow, ooh and there I go in your lovin'
Find myself at ease when you're lovin' me
All I need I find in your love

Girl, don't you know I made up my mind?
On givin' you a love so fine
I'm livin' inside your love
I'm never gonna let you go
I'm gonna let my feelin's show
I'm livin' inside your love

So come with me set sail, we're free
Heaven knows no bounds
Why don't we make this last forever?
I've gotta an awful lot of love to give, we can fly, soar

Oh, I have no fear, when you're near all my pain
disappears
I'm left in peace surpassin', understandin'
No inhibition, no superstition
What we have is pure like snow, girl

I've made up my mind
On givin' you a love so fine
I'm livin' inside your love
I'm never gonna let you go
I'm gonna let my feelin's show
I'm livin' inside your love

I'm gonna do the best I can
To be your ever after man
I'm livin' inside your love
Takin' it day by day
Lovin' you this way
I'm livin' inside your love

After all this time
I'm givin' you a love so fine
I'm livin' inside your love
I'm never gonna let you go
I'm gonna let my feelin's show

I'm livin' inside your love

Gonna do the best I can
To be your ever after man
I'm livin' inside your love
Takin' it day by day
Me lovin' you this way
I'm livin' inside your love

Girl, after all this time
I'm givin' you a love so fine
I'm livin' inside your love
Gonna do the best I can
To be your ever after man
Livin' inside your love

Livin' inside your love, babe
Livin' inside, livin' inside your love, babe
Gonna do all I can
To be your ever after man
I'm livin' inside
Gonna stay inside your love
I'm livin' inside
