I'm sittin' here thinkin' about you tonight  
And all that you mean to me  
I used to think I would never fall in love again  
I guess I was wrong

When your heart was broken  
When your wounded pride was laid to rest, baby  
You'll never open your heart to anyone else you said  
But you lied, I know you're lyin' tome

You see your mind might be made up, mmm  
But your heart has got it's own plans  
There's no one to blame for false pride, tellin' lies,  
tryin' to hide  
From feelin' the pain, I know you don't wanna feel it

There's nowhere to hide when the love is callin' your  
name, yeah  
From the dark, babe, nowhere to hide, baby  
There's nowhere to hide, so let love have it's way  
with your heart  
When love calls, love calls, love calls your name

It's on my lips  
And I wish that you were still here  
To take me away with your kiss  
And take me away from all this crazy, crazy

'Cause too many words have been spoken, mmm  
Too many lies have been told, baby

You'll never do it again you told yourself over and  
over and over  
You're wrong, dead wrong, babe, yeah

There's nowhere to hide, mmm, when love is callin'  
your name  
In from the dark, baby, nowhere to run, girl  
There's nowhere to hide, yeah, so let love have its  
way, girl, with your heart, babe  
Love calls, love calls

There's nowhere to hide, yeah, when love calls your  
name  
You fall apart, baby  
Nowhere to hide, nowhere to run when love is on its  
way, girl, to your heart, baby  
When love calls, love calls your name, babe

Love's callin' your name, hey, hey  
It's callin' out for, callin' out for me, baby  
Love's on its way, baby, yeah, yeah, yeah, yeah

I'm sittin' here thinkin' about you tonight  
And how you make me feel  
The sweetness of your touch  
The softness of your voice, mmm  
You make me wanna be a better man, baby  
And I wanna thank you for calling me into your life  
Into your arms, into your love
