The distances I walk
are never too demanding
It's as easy as it comes
to be where I am standing
And baby, all my love
I'm able to be giving
to you and to the ones
that share this life I'm living

So am I going to heaven
or am I going to hell?
This garden grows around me
with all its fruit to sell

So am I going to heaven?
Well who is to decide?
If I have my own agenda
doesn't mean I'll be denied
And they say we're all responsible
and I can hear the waves of pain
There's a million different worlds
all going down the drain once again

So am I going to heaven
or am I going to hell?
This garden grows around me
with all its fruit to sell
Can I be only human?
I need someone to tell
I have been making profit
I have been feeling well, so well
So am I going to heaven?

And down the simple roads,
my highs and lows I go

So am I going to heaven
or am I going to hell?
This garden grows around me
with all its fruit to sell, oh yeah
Can I rely on conscience?

I need someone to tell
Sometimes I can be shallow
but I'm always meaning well, oh yeah
So am I going to heaven?
