Drown little girl You're a stone in deep water What made you sink I can't remember There's so much happening

It leaves me cold It leaves me cold It leaves me cold

I keep seeing you Everyday now on my TV And when I get bored I turn it off, you don't exist anymore

It leaves me cold It leaves me cold It leaves me cold

It's in my face
Those shiny satellites
These sad commercials
And I've shit concern
Thrown up compassion
I've got nothing left to give

It leaves me cold It leaves me cold
