Look into my eyes, try this  
Focus right behind the iris  
Can you see the hired army  
Battling out a war in hiding

They're fighting for justice  
They're fighting for peace  
Caught in the mindfields  
Inside me  
Inside me  
Inside

You know I wanna learn to know me  
So I wouldn't have to turn to my army

They're slaughtering for freedom  
They're torturing for love  
All trapped in the bunkers  
Inside me  
Inside me  
Inside

There's always a windmill
