We can talk about the government Or sit here contemplating Jesus Yeah We can argue about who or what is God I don't know But we can't fill in all the pieces

It's alright it's alright It's alright it's alright Hey hey It's life it's life It's alright it's alright it's alright

We can walk along the boulevard It'll lead us to a thousand places Yeah yeah Watch the people walk And wonder what they're thinkin Watch the movie that's playin on their faces

It's alright it's alright It's alright it's alright Hey hey It's life it's life

It's alright it's alright it's alright

It's not catastrophe It has to be much bigger You aren't the tragedy you think you are Just let it go Yeah yeah

You have never been to Florida And I may never get to Paris This time This time is all we have But I wonder if they say that Just to scare us Yeah yeah

It's alright it's alright

It's alright it's alright Hey hey It's life it's life It's alright it's alright it's alright
