I stopped to talk to my friend  
He said, he messed up again  
Said, he don't wanna be here  
I don't know how to leave

And he talked about how  
He would bush, beat around  
Just add to his mess  
While nothing changed

Everyday is another ride  
Everyday is a chance to fly  
So get up, get on with life  
And ride, ride

Everyday last week  
She would drink herself to sleep  
Said, she don't wanna be here  
But she don't wanna leave

And then right around noon  
She'd still be up in her room  
Trying to think her way out  
Of an unlocked door

Everyday is another ride  
Everyday is a chance to fly  
So get up, get on with life  
And ride, ride

Don't know where to begin, here it comes again  
Can I pause and just start things over?  
And leave the fortunate sun  
Or get another one that's right on time

Everyday is another ride  
Everyday is a chance to fly  
So get up, get down that line  
And ride, ride

Everyday is another ride  
Everyday is another ride

Get up, just one more try  
And ride, ride
