(Chorus)

Call me ever ready
I'm charged up and ready to go
I can pick you up
When you're feelin' low
I've got more energy than we could ever use
Call me ever ready
'Cause I'm always ready
When it comes to you

Sounds like my little baby's about to go crazy
You musta' had a rough day
Have no fear, your little bunny is here
To love all your troubles away
Take a hold of my hand, we'll find us a band
And dance off your dancin' shoes
Don't need jumper cables, 'cause honey I'm able
To put the fire back in you

(Repeat chorus)

I wasn't that strong 'til you turned me on
And left me energized
Now you can see my love like a 100-watt bulb
Shinin' in your eyes
I could outrun a train, or a big jet plane
Every time I feel your touch
My heart starts to race, I generate
From the power of your love

(Repeat chorus)

Call me ever ready
'Cause I'm always ready
When it comes to you
