Did it make you wonder who you are  
and where you might come from  
Does it seem to have it's way  
Would it make it any eaiser  
to know that there's a truth  
would we just keep things this way

she's been crying for a lot of things  
that she cant fit about  
it was a mental break down  
something happened  
your not home

ive got to find you  
look behind you  
consider this

and one last time they say is all it takes to make it  
through the day  
one last time to get things right  
we could never open up this way  
and hold this key to life  
for our eyes is much to bright

i've been standing for a lot of things  
i can't figure out  
it was a mental break down  
something happened  
your not home

ive got to find you  
look behind you  
consider this

she's been crying for a lot of things  
that she cant fit about  
i've been standing for a lot of things  
i can't figure out  
it was a mental break down  
something happened  
your not home

but your never home  
ive got to find you  
look behind you  
consider this

It was a mental breakdown
