She always seems to throw away
everything you feel inside
away into the night she rides, she hides her lies

if she learns to sing a different song
everyone just goes along
but they always seem to fade away, away now

all we need
all we see now

she's falling asleep
I'm falling apart
form the words that she speaks
cuts right to my heart
don't make this harder than it needs to be

you never seem to recognize
faces that we hold inside
they never seem to fade away, away now

all we need
all we see now

she's falling asleep
I'm falling apart
form the words that she speaks
cuts right through my heart
don't make this harder than it needs to be

for sleep won't come

I can't be there waitin
it makes me so nervous
anxious and low

I can't be there waitin
it makes me so nervous

She always seems to throw away
everything you feel inside
away into the night she rides, she hides her lies

she's falling asleep
I'm falling apart
form the words that she speaks
cuts right through my heart

she's falling asleep
I'm falling apart
form the words that she speaks
cuts right through my heart
don't make this harder than it needs to be

for sleep won't come
until I'm free
my sleep won't come
