I don't care what anybody thinks
I will stare when everybody blinks
I don't mind the difference that they see
Cause He loves
Every little thing
Every little thing
Every little thing
Every little thing
Every little thing
About me....
I believe that everybody bleeds
Sticks and stones aren't what has cut so deep
I won't buy the hate they sell for free
You can't carry the weight of the world
I won't carry the weight of the world
I can tell the hell that you've been through
It won't make a difference what they do
They'll still tell you all the lies are true
But I love
Every little thing
Every little thing
Every little thing
Every little thing
Every little thing
About you...
