It's a big girl world now  
Full of big girl things  
And everyday I wish I was small  
I've been counting on nothing  
But he keeps giving me his word  
And I am tired of hearing myself speak  
Do you ever get weary?  
Do you ever get weak?  
How do you dream  
When you can't fall asleep?

I've been wondering what you're thinking  
And if you like my dress tonight?  
Would you still say you love me  
Under this ordinary moonlight?  
I'm so afraid of what you'll say.

Chorus

I'd like to know if you'd be open  
To starting over from scratch  
I'd like to know if you'd be open  
To giving me a second chance

I used to think I was special  
And only I have proved me wrong  
I thought I could change  
The world with a song

But I have ended up in India  
With no lamp to guide me home.  
The strangest place I think  
I have ever been  
And all this time  
I thought that we were friends  
My stubborn will is learning to bend.

Chorus

I'd like to know if you'd be open  
To starting over from scratch  
I'd like to know if you'd be open  
To giving me a second chance

I'd like to know if you'd be open  
To starting over from scratch  
I'd like to know if you'd be open  
To giving me a second chance

It's a big girl world now  
Full of big girl things
