Don't touch me, Don't touch me there (2x)  
I am bare and he is staring, we are trapped and caged  
like animals  
I am small it isn't fitting. I am screaming but no  
one's listening  
Don't touch me, Don't touch me there

I forgot what it feels like to feel safe, I forgot what it  
feels like to feel brave  
A shattered soul never heals, this heart of flesh has  
turned to steal  
I've forgotten how to feel

He liked her, he liked her that way  
He broke her she has never been the same  
Can you imagine? Can you fathom such a place where  
evil spreads it's seed?  
It's upon us, It's beneath us, It's up to us to do  
something  
He liked her, he liked her that way...

Listen little children to the story of a girl who found her  
knight and shining armor  
When he saved her from the dragon he was strong and  
not afraid that there was  
Smoke and there was fire and they lived happily ever  
after in his castle far away  
Listen little children to the story of a girl
