When the sun fall out the sky
All I have is me in the land of do or die
A three way? peace of mind
Now, that's the ultimate high
Tell me you love me

Cause I've been drinking too much, thinking too much
We ain't been keeping in touch
Fell into lust, where is the love?
My independency got tendencies of lack of trust
I look at the street corners as my new woman
Seductive as you want to be, hands on my new
garments
Luckily, being in denial ain't the case
Cause I know she's unfaithful
Instead I'm grabbing her waist
And every part of her I stake for
I know you're finna tape
You think I'm ungrateful... I know
Selfish as I wanna be and every time you under me
I get the vibe you might need some time to grow

[Hook]

Cause I been dreaming too much, thinking too much
We ain't been keeping in touch
And every time that I think of your touch
I dream that I'm your punk, give me that rush
I'm going like a thief inside the wind
Lord forgive me for my sins
I know she want me more, but I feen for benjamins
She said I found the root of all evil
And lost a friend
Lost in the world of a young boy from compton
That never knew love because love was never
promised
I know... selfish as I wanna be
And every time I'm under you, me too
Need time to grow...
