Chorus:

"All I ever wanted was to be a thug and hustlin was all I knew" 2x

C-bo: forvever thuggin

I keep my mind focus and risin above skys

Thug til i die slang drugs til I ride

Will I ever fly or will I die from a drive by

Witness my victims ride til they die

Dear LORD will you ever forgive a nigga's sin

Cause I stay surrounded with trigger men

And it's on til they kill again

I'm in the finest clothes, fucking the finest hoes,

Pushing the finest loads

I'ma thug by nature they got these

Muthafuckin feds hittin a nigga on his pager

They got me trapped in Seattle sleepness

Try to blame me for my homie's death

I'll make you muthafuckas reap this

And any niggas want to ride on me

Set fourth and you could die on me

Bullets fly like the fourth of July torches in the sky

Watch em grow in the park and die forever thuggin

Chorus: 2x

You niggas wanna see me falled off get caught up and hauled off

Become a victim of a sawed off

Life's been full of trifes in ways but soon I see better days

Pass my pistol in weigh with better ways

Stay away from all this madness

And all these suckas looking at me evil wished they had this

Given through traffic something new

Protected by bullet proof close my eyes hoppin that is true

Thankin the LORD for all the stress he put me through

Teaching me right from wrong don't want to spend life from home

Hopin that I won't wrong from slangin keys bringing home g'z

Cause in the water it's so hard to breath  
Plus the LORD for my baby girl got to get her ready for  
this crazy world  
Ain't nuthin worse than a lazy girl got to get your mind  
right  
First and learn to love school and believe in everything  
you do foreve
