Now Im all alone, sittin in my room in a corner  
starring at the wall and Im wishin I was on a  
mission but Im fishin in an empty bowl  
cocain got my brain and Im sweatin cause Im ice cold  
hold on for a minute whats that sound  
raise up to my feet paranoid lookin all around  
up down on the ground is it reality  
damn I always feel like somebodys watchin me  
now let me find another plan lookin for a plot  
lookin for the man with the sack to get got  
shot lay him down cause it dont be makin me none  
cocain on my brain and I gotta get me some - !!

Chorus:

Im so strung out and now I dont know what to do  
should I just take my life away  
dear god or will you pull me trough?  
Im so strung out some how my life  
has gone astray  
so as I lay me down to sleep  
please lord now take my soul away!

ohh ohhho ohhho / ohh ohhho ohhho

Another mystery sittin in anoter room  
at twelve noon I hope that someting  
happen soon Im crawlin still burning  
my knee at 45 degrees  
Im saying please let it be somethig  
in a form of a rock I cant stop  
cause the spot getting hot tick tock  
I see the devil clear in my past it cant last  
because Im running out of cash  
a stash I remember from december  
my mind gone blank and it could have  
been november now as I feel myself blink  
I look at the world one time and then I think

Chorus

Im so strung out, I dont know what to do  
should I take my life away dear God

or will you pull me trough, will you pull me trough  
Im so strung out, Im so strung out

I know that you now that you  
living real trife  
so lay down that pipe and think  
pick back up your life  
just take it away  
please god just take  
it away wont you  
just give another day to me

Chorus
