Hook, Misty:

Today, let us live our lives  
Reachin out to those in need of a hand  
Let us try to understand what they believe  
Just try to remember that we are all the same  
It's time to pull together, and turn another page  
We believe, that we can make it happen  
We believe, it's time to make a change  
We believe!

Rap1, Red Dogg:

I believe, I believe  
If we try, you and I can raise the hell up  
Out this ghetto fantasy and touch the sky  
Eel me on that stroll with  
Down the lane let me poke you till  
You get my point simple and plain  
We wasted too much time  
Stood at the bridge too long  
Now it's time for us to cross it  
And get the hell un home  
Homie, keep ya eyes open  
And scope it for the truth  
The life begins within the  
Education of the ghetto youth  
Here's my proof, young thugz run around  
Throw their sets in the sky  
But their heads be down  
We need to take to the tippy top of the hill  
Ake the devil out their soul  
Rejuvenate their will and I be real  
About the way that I be feeling  
It's too many kids dying  
It's too much killing  
And ain't but one thing left for me to say  
It's time for us to find another way

Rap2, Goldie:

This is a shot for those don't got some  
People have a little some people have a lot  
Only few are successful the multitudes I think not  
Can you lend a helpin' hand to another brother  
Try help those in life that have to suffer  
You don't have to be on high, be in the middle  
Just dig in your pockets real deep just give a little  
One doesn't have to try  
They just need to do it  
There's really nothing to it  
Go head and dry a weepin' eye  
Cause poverty why, it bothers me  
All the kids in the world you know  
A boy a girl livin life in the pits  
Of a bottomless barrel cold world  
But this is so livin life in the ghetto  
Where you don't got no food  
And you don't got no clothes  
Who said this is the way life's supposed to go  
You could end up like this once could never know

Bridge:

Today, right this minute  
There is someone out there  
Reachin for your help  
Please take the time out to lend a hand  
You don't need money, fame  
Or even a song to do it  
You just need to believe that  
You could make a difference

Take a look deeper inside yourself  
You'll find that life is something

Worth living  
We must find out a way  
To change today

Hook till end

Reachin out to those in need of a hand  
Let us try to understand what they believe  
Just try to remember that we are all the same
