Are you drag? what you doing? like you never do
something real
For your crack, for your wack, what your doing all the
time
Your a big fat mother fucker, and always gonna add to
nothing
Maybe you should gather up, then you wont feel this
way

Nothing else matters (what you say now)
Nothing else matters (go away now)
Nothing else matters (what you say now)

You gotta fight for your right
Take a good look at what you believe in
I know it aint easy but sometimes you gotta fight for
your..
Fight for your right
Take a good look at what you believe in
I know it aint easy..
So you fight

One more time
I dont think so

Unless you
Deny me
I might find a piece of you inside me
Nothing else matters (what you say now)
Nothing else matters (go away now)
Nothing else matters (what you say now)

You gotta fight for your right
Take a good look at what you believe in
I know it aint easy but sometimes you gotta fight for
your..
Fight for your right
Take a good look at what you believe in
I know it aint easy..
But you fight

Are you drag? what you doing? like you never do

something real
For your crack, for your wack, what your doing all the
time
Your a big fat mother fucker, and always gonna add to
nothing
Maybe you should gather up, then you wont feel this
way

Nothing else matters (what you say now)
Nothing else matters (go away now)
Nothing else matters (what you say now)
