I can't be phased,  
Cuz cutting aint an option,  
Your all electric and kepping me,  
Down down down down down  
Your such a mess.

Pain!  
Theres no one to blame,  
Its all a game,  
Nothing ever changes,  
Cuz love I need you here!  
Cuz without you I'm,  
Down down down down down  
My friend!

Pain!  
I can't explain  
Exactly how I got this,  
All eyes on me and its  
Down down down down down  
From here

Oh!  
Your subject to change  
There's nothing but fame  
Were one in the same  
In a rat race of who could be first  
And it could pull you right  
Down down down down down  
Without you my friend

Oh

Pain!  
There's no one to blame,  
Its all a game,  
Nothing ever changes,  
Cuz love I need you here,  
Cuz without you I'm  
Down down down down down  
My friend!

[Fade]

We are here to live our lives

We are here to change the sides,

Of their hearts, of their minds

That's the plan, that's the design

Try to fly for the reign

Try to remain in the same vein

Try to fly

These are your feelings, and this is your space

Open your eyes,

Try to fly

Change the ways

Fly
