I need to be brilliant, electric  
I wanted to be natural  
This god should be fantastic  
Lets start a revolution  
A true revolution  
I haven't felt the same  
Since i arrived i haven't slept a wink

I'm just a man fading  
I've been a little bit jaded  
Everybody wants to get on  
The neon lights have got it all  
I'm living a sensation  
Walk inside invasions  
Nobody wants to really know  
The neon lights have got it all  
The neon lights...

I need to be elected, perfected  
Needs beyond the blue  
Feel the satisfaction  
I want to be a light source  
A blaring night force  
I haven't felt the same  
Since i arrived i haven't slept a wink

And this is how it starts  
Before we lose it all  
I know we're not coming  
God knows when i'm gone

I'm just a man fading  
I've been a little bit jaded  
Everybody wants to get on  
The neon lights have got it all  
I'm living a sensation  
Walk inside invasions  
Nobody wants to really know  
The neon lights have got it all  
The neon lights...

Well, this is how it starts

Before we lose it all  
I know we're not coming  
God knows when i'm gone

I'm just a man fading  
I've been a little bit jaded  
Everybody wants to get on  
The neon lights have got it all  
I'm living a sensation  
Walk inside invasions  
Nobody wants to really know  
The neon lights have got it all  
I'm just a man fading  
I've been a little bit jaded  
Everybody wants to get on  
The neon lights have got it all  
I'm living a sensation  
Walk inside invasions  
Nobody wants to really know  
The neon lights have got it all  
The neon lights...
