take me for the rose i am

lay yourself in my bed again

showered and covered in petals of red

are you lonely?

are you lonely?

blame me for the thorns, my friend

does the pain outweigh the blessing?

showered and covered in petals of red

are you lonely?

are you lonely?

whoaaaaa...

(go slow)

whoaaaaa...

(and i will cover you)

whoaaaaa...

(go slow)

but you left me high and wild

but you left me high...

whoaaaaa...

(go slow)

whoaaaaa...

(and i will cover you)

whoaaaaa...

(go slow)

but you left me high and wild

but you left me high and wild

see, you left me high...

take me for the rose i am

lay yourself in my bed again

showered and covered in petals of red
