Some people might like to get a train to work, or drive  
in in a beamer or a merc. Some guys like to travel in by  
bus But I can't be bothered with the fuss today, I'm  
gonna take my bike, 'cause once again the tube's on  
strike.

The greedy bastards want extra pay for sitting on their  
ass all day, even though they earn 30k, So I'm standing  
here in the pouring rain

Where the fuck's my fucking train?  
London Underground! London Underground! They're  
all lazy fucking useless cunts London Underground!  
London Underground! They're all greedy cunts, I  
wanna shoot them all with a rifle!

All they say is please mind the doors! And they learn  
that on the two day course, this job could be done by a  
four year old, They just leave us freezing in the cold

What you smell is what you get. Burger king and piss  
and sweat You roast to death in the boiling heat, with  
tourists treading on your feet, and chewing gum on  
every seat

So don't tell me to mind the gap! I want my fucking  
money back! London Underground! London  
Underground! They're all lazy fucking useless cunts!  
London Underground! London Underground! They're  
all greedy cunts, I wanna shoot them all with a rifle!

lalalala  
lalalala

The floors are sticky, and the seats are damp, every  
platform has a fucking tramp!  
But the Divers get the day off when, we're all late for  
work again!

London underground! London underground!  
wa wa wankers,  
they're all wankers!  
London underground!

take your oyster card,  
and shove it up your ass... hole!
