Hey boy what's your fantasy  
I like the way you're kissing me  
I wasn't sure if you were the one  
The one that's gonna stay with me

You and I, have taken this decision  
You and I, we know

Nothing's gonna change our love  
Just you and me, to live our life forever  
Nothing's gonna take our love  
From you and me, yes we'll be here together

Hey boy what's your fantasy  
To put your love inside of me  
Now I know that you are the one  
That can not stop carressing me  
So take my arm don't pull away  
I'll take you to my hiding place

You and I, have taken this decision  
You and I, we know  
You and I, have lived with this decision  
You and I, we know
