Okay!
Baby, baby, baby, I love you, okay!

The music is playing they're layin' it down
And here we are groovin' and movin' around
Once again you're by my side
I wish you'd knew how hard I tried
Again and again and again and again
Just to say hey, hey

I can dance to the music of a rock and roll band
I can shake it with my baby, I can hold her hand
And I know how to go when we're dancin'
Yeah, I can rock it with my baby, I can hold her tight
I can really put it over, I can do it alright
But I can't find a way to say "baby, I love you" - baby, I
love you, okay
No, I can't find a way to say "baby, I love you"

But I'll get my chance when the dancin' is through
And we're on our own, all alone, me and you
Baby, I love you, okay
I wish I had the nerve to say it
Over and over and over and over again 'gain 'gain

I can dance to the music of a rock and roll band
I can shake it with my baby, I can hold her hand
And I know how to go when we're dancin'
Yeah, I can rock it with my baby, I can hold her tight
I can really put it over, I can do it alright
But I can't find a way to say "baby, I love you" - baby, I
love you, okay
No, I can't find a way to say "baby, I love you"

Okay!
Baby, baby, baby, I love you, okay!

I can dance to the music of a rock and roll band
