Verse 1: Sir Mix-a-Lot

You can't slip, 'cause the pimpin' game is not about the sex

You gots to be a businessman to keep them thangs in check

I used to run some call girls and pimp 'em just for fun  
But you should see how the gangsters can make us  
pimps r-r-run!

Back in '82 I used to roll a gold Caddy  
Females were my business, you could call me the Mack  
Daddy

But pimpin' came so easy to me, I didn't have to hit 'em  
Roll 'em up to Canada so Johnny's could wit 'em  
Show them fake ID's so we could step across the  
border

We hit the nearest hotel, and like that, I'm takin' orders  
Two thousand dollars and she'll make you lose your  
morals

We must increase the profit if the trick wants to get oral  
Rappers like to claim 'bout how they know the pimpin'  
game

How can you run the ladies when you're only 17?  
I speak from experience when I say "Turn around!"  
'Cause I was rollin' heavy 'till one female took me down  
She was only 17 but she was lookin' 21

5'9", street-tough and packin' guns  
But I was slippin' 'cause the pimpin' game was soft  
Baby took a trick out to the suite so he could toss  
911 is flashin' crazy on my pager

I pushed the trunk button and I load the 12 gauge  
Back to the 'tel 'cause I'm down to get my mail  
Smoke a trick quick if he's beatin' on my female  
Kickin' down the door and ain't nobody in the suite  
I never let my agents take them tricks out on the street  
If I wasn't slippin' then the psycho couldn't kill her  
Body found face down, floatin' in the green river

You can't slip! Not in this pimpin' game, chief!

No no, you can't slip!

You can't slip.

Yo E-Dog, tell them what's up with that slangin' and

bangin', chief!

Verse 2: E-Dog (Mix-a-Lot)

You can't slip when you're rollin' through the hood  
without your strap (Hell  
no!)

Especially when your rims are dipped in gold and  
lookin' phat (Yeah!)

'Cause it's the 1990's and you got to be prepared  
Or a nigga like the E'll roll 'em up and keep 'em scared  
(Huhh??)

High sightin' nigga rollin danks through my set (Don't  
do it!)

Drops 6-4, gives my homies no respect (None!)

But when we starts the loc'in' up, the fool will start the  
chokin' up

And bones are gettin' broken up, a jack move! (Give it  
up!)

A straight jack on a fella with a fat sack

Comin' out missin' when you're slippin' on the fast track  
(Yeah!)

Came through servin' but you went out gettin' served  
(Peace!)

Got you for your Daytons then we beat you to the curb  
(Huh!)

Now it's time to slang them thangs and come up on a  
grip (Yeah!)

Trade him for some ounces so that I can clock my chips  
(Get paid!)

Say it's 'bout the dividends and not about the fame  
(Yep!)

But 'till I let you know, the E-D-O-G is my name (Word.)  
So now I'm straight addicted to the jackin' and the  
slangin'

Cross court saggin' and my flag shows I'm bangin'  
But if you think I'm gonna stop this life, well you're  
wrong!

I don't care about your muscles 'cause my 9 is pluggin'  
domes (Ha ha!)

So here we go again, another jack in effect (Yeah!)

A candy-painted Blazer chased the driver, make him  
wreck (Get him!)

And if he tries to run then I just smoke him on the spot

But little do I know, there's a lesson to be taught

The brother pulled an AK and now I'm yellin' "Mayday!"

\*gunshots\* ("OH SHIT, HE GOT E-DOG!") On the  
concrete I lay!

He walks up slowly, then he looks me in my eye

Barrel to my temple, so I know I'm gonna die!

(Lil' cake-ass gang nigga, you can't jack for these D's!

See ya!)

\*gun cocking, shot\* (C'mon, let's go, nigga!) \*sirens\*  
(Shouldn't have been a sucka, nigga!) \*door closing\*  
(Punk motherfucker!! Yeah!) \*car skids off\*

You can't slip.

You can't slip. Oh, you better pull them pants up,  
champ. Huh huh.

You can't slip. Gots to be a gangsta, huh?

Well, you can't slip!

\*creepy organ music\*

Yeah, a lot of young brothers is constantly tellin' me  
how they growin'.

Well, I'm just tryin' to tell you where you're goin'.

You can't slip. Peace.
