Baby I don't understand
How just the touch of your hand
Can make me feel invincible
Do you know just where you take me?
Do you know how high you make me?
I need your kiss like oxygen
With your arms warm around me
When your eyes look deep into me
It's un-stopable
Baby anything is possible

Everything I wanna be
Any dream I wanna dream
I can, because of your love
Anywhere I ever go
With all of my heart I know
I am the man I am
Because of your love

Don't know how I lived before you
Now I live to explore you
Take me girl to your secret world
Or I could swim in your deep blue passion
Or I could feel your love come crashing over me
Endlessly
Whether your right by my side
Whether you and I are a million miles apart
I can always feel you in my heart

Everything I wanna be
Any dream I wanna dream
I can, because of your love
Anywhere I ever go
With all of my heart I know
I am the man I am
Because of your love
Everything I wanna be
Any dream I wanna dream
I can because of your love
Anywhere I ever go
With all of my heart I know
I am the man I am

Because of your love

Oh Baby because of your love
