Steel drums still ringing in my head
Well I feel pain, so I'm not dead
From the looks of things, it looks like
It got a little crazy last night

Could I get your name again?
Some situation that we're in
Woke up by each other's side
It got a little crazy last night

Last thing I remember I told the bartender
"Mix rum and whatever you have"
First one drink, then two, then I woke up with you
So I know things can't be all that bad
But it's still a little hazy, it got a little crazy last night

Are these your shoes that I have on?
Is this your bed, is this your home?
All I know is it's not mine
It got a little crazy last night

Last thing I remember I told the bartender
"Mix rum and whatever you have"
First one drink, then two, then I woke up with you
So I know things can't be all that bad
But it's still a little hazy, it got a little crazy last night

I think I feel a fresh tattoo
What is it of, I wish I knew
It couldn't get more out of sight
It got a little crazy last night

Last thing I remember I told the bartender
"Mix rum and whatever you have"
First one drink, then two, then I woke up with you
So I know things can't be all that bad

But it's still a little hazy, sun's a little shady
I think she might've paid me
It got a little crazy last night
Got a little crazy last night
Got a little crazy
