I'm sittin here alone  
Thoughts of you run wild  
I'm longin for your touch  
Holded by your smile  
No use tryin to erase  
No one could ever take your place

Chorus:

Well I remember how it use to feel  
Back when our love was strong and real  
And I remember tears in your eyes  
As I looked at you and said goodbye  
All I want right now is to forget  
Every single thing that I regret  
And drown out these embers..but I remember

It's yesterday again  
Here inside my mind  
And I can't find a way  
To leave your love behind  
I wanna wake up to the day  
Your memory won't stand in my way

Chorus:

Well I remember how it use to feel  
Back when our love was strong and real  
And I remember tears in your eyes  
As I looked at you and said goodbye  
All I want right now is to forget  
Every single thing that I regret  
And drown out these embers..but I remember

Well I wanna wake up to the day  
Your memory wont stand in my way

Well I remember how it use to feel  
Back when our love was strong and real  
And I remember tears in your eyes  
As I looked at you and said goodbye  
All I want right now is to forget  
Every single thing that I regret  
And drown out these embers..but I remember

And I remember..ohhhhhh  
Oh I remember ya baby...  
All of you my baby
