She comes in every morning at nine and sits down at
her desk
Smiles and says hello to everybody and tries to do her
best
To act like nothing's wrong and nothing's missin' in her
life
But her eyes tell a story
That her smile can't disguise

She's got that needin' somebody, wantin' somebody
who
Will treat her like somebody for once in her life
She's lonely for love
Is that asking too much
For someone to treat her right
She's got that lonely, needin' lovin', wantin' somebody
look in her eyes

Sometimes I wanna walk on over and tell her I can help
'Cause I know losing a love is tough
I've been there myself
You still feel the pain long after all the tears have dried
And it's so hard to cover up
The hurt you feel inside

She's got that needin' somebody, wantin' somebody
who

Will treat her like somebody for once in her life
She's lonely for love
Is that asking too much
For someone to treat her right
She's got that lonely, needin' lovin', wantin' somebody
look in her eyes

Well I wish I could hold her right now
And take her in my arms and show her
That love can still be found

She's got that needin' somebody, wantin' somebody
who
Will treat her like somebody for once in her life

She's lonely for love
Is that asking too much
For someone to treat her right
She's got that lonely, needin' lovin', wantin' somebody
look in her eyes

She's got that lonely, needin' lovin', wantin' somebody
look in her eyes

Somebody look in her eyes
Lonely, needin' lovin', wantin' somebody look in her
eyes
