There must be something I missed
I wake up in the morning just makin' a fist
I don't call it living, I just exist
There must be something I missed

Yeah, there must be something I need
Something in a cage that wants to be free
I should be happy but yes indeed
There must be something I need

Yeah, we live and learn, crash and burn
'Til it's our turn again
It's the way it's always been
Oh whoa oh
Why can't I just let go?
I told me so I oughta know by now
It all comes down to this

Yeah, there must be something I missed
Yeah, there must be something I missed
I wake up in the morning just makin' a fist
I don't call it living, I just exist
There must be something I missed

Yeah, there must be something I crave
I try to be good but I misbehave, well
Maybe I'm too far gone to save
There must be something I crave

Yeah, we live and learn, crash and burn
'Til it's our turn again
It's the way it's always been
Oh whoa oh
Why can't I just let go?
I told me so I oughta know by now
It all comes down to this

Yeah, there must be something I missed
Yeah, there must be something I missed
Yeah, there must be something I missed
