I'm not afraid of lonely  
I've gotten good at being that  
Ain't seen nothing that could hold me  
Say goodbye and don't look back

Running, always ready  
Feel as strong and steady

But you scare me

Took a long walk after midnight  
Trying to make sense of it all  
Tried to catch a glimpse of my old life  
But your face was all I saw

Blue eyes staring through me  
Baby, what are you doing to me?

You scare me  
(Never felt this before  
It's all brand new to me  
Never known anyone)

You scare me  
(I'm doing what I said  
I would never do  
Too late to stop it now)

Knowing there's no turning back  
Knowing I don't want to

Baby, you scare me  
(Never felt this before  
It's all brand new to me  
Never known anyone)

You scare me  
(I'm doing what I said  
I would never do  
Too late to stop it now)

Scare me, scare me

Baby, you scare me  
Scare me
