New York City, 55th & 3rd
I reached my hand and there you were
You lead me where I thought I wouldn't go
It's more than just my hand now that you hold
There's been lessons learned, pages turned, even a
few bridges burned.
Love's become a frightening thing to do
I've been out and I've been in
I've been scared to try again
You're worth every hurt my heart's been through
I'd go through it all again if I had too
To Get To You

I still see us dancing in my mind
My arms stay around you all the time
Even when were miles and miles apart
I reach my hand and there you are
There's been lessons learned, pages turned, even a
few bridges burned
Love's become a frightening thing to do
I've been out and I've been in
I've been scared to try again
You're worth every hurt my heart's been through
I'd go through it all again if I had too
To Get To You

55th & 3rd (To Get To You)
At a corner booth, I hung on every word (To Get To You)
Your back beneath my hand as close as we could be
You pulled me close and danced the heart right out of
me
And there's been lessons learned, pages turned, even
a few bridges burned
Love's become a frightening thing to do
I've been out and I've been in
I've been scared to love again but
You're worth every hurt my heart's been through
I'd go through it all again if I had too
To Get To You
55th & 3rd To Get To You
OOOHHH I hung on every word

OOoooOOOooo 55th & 3rd
55th & 3rd
