You see me and I see you
Can't hide nothing cause it's all see-through.

Don't be fool enough to tell a lie
Satelite is watching up in the sky

There for all the world to know
What we do and where we go

Welcome to the fish bowl

You don't have to be famious now to be a star
Just get caught on radio and now there you are.

You just lost your privacy
Now your swimming around in here with me

Everybody else we know
It's all a big freek show

Welcome to the fish bowl

Everybodys business is everybody business and that's
a big business now
Whos gonna be the first to get the story out

Who loves who and where they gonna meet
Colbert pictures that proves they cheat

Gods is getting hard to breave this way
Everybodys life is on display

It's gotten out of control
Tell me do you feel exposed

Well, welcome to the fishbowl

Guitar

Everybodys business is everybodys business and
that's a big business now

We're all in here together and we can't get out

Welcome to the fishbowl

To everybody else we know
It's all a big freak show

Welcome to the fishbowl

There for all the world to know
What we do and where we go

Welcome to the fishbowl
Yea welcome to the fishbowl

You had to chase a dream you had to be a star
Background - yea, yea, Welcome to the fishbowl

A house in the hills, money, sex, boats, and cars
Background - yea yea, welcome to the fishbowl

Now ya gotta name that everybody knows
Background music - yea, yea, welcome to the fishbowl

No need to cry and moan

Welcome to the fish bowl
