Sacramento rap artist C-Bo faces criminal charges in  
the state of Ohio  
Local police seize two firearms and one pound of

marijuana

Apprehended by four US marshals by the state of  
Washington

They thought it was over but it just started  
And some of the hardest artists in the world  
Freedom of speech got me preaching to every G on the  
street  
We got to eat so fuck the P.D. three striking me

Not liking me want to strike me like Rodney King  
But I am a home run hitter so I swing batter batter  
swing  
Got to scheme to get away and I'm gonna scream yes  
yes y'all  
As I put the beam to his fuckin' face and a new case is  
a hurt ya

As I point the seven inch flame in about the HK  
Hit the gas and get further  
And hit the white boy in the head  
Wit a brick and started dancin'

Fuck parole and Pete Wilson  
I'm so fresh out the pen hoe holdin' heat  
Like Billy the Kid quick to split a nigga's wig  
I'm the type of nigga pop you out till you lend me a  
cape

Rap star C-Bo, since his debut on Tupac all eyez on me  
Seemed to be drifting down the same road as Shaker  
was  
With authorities C-Bo's albums sales  
Heat up after rapper's parole arrest

Thomas was acquitted for 4 years in Soledad prison  
Of the illegal use of firearm  
He could be sent back to prison for a year if the board  
of prisons  
Determine that the lyrics on the album promoted a  
gang related lifestyle

I'll bring it to them how they want it  
'Cause there is only one way to do it  
Bring it to them how they knew it on they death bed put  
by fluid  
Put a slug in his cranium catch 'em close range

I'm flaming them I'm the West Coast  
Don loc fresh out of prison and smoke  
Better check my background I crack crowns I never

back down  
You want some ruff shit tuff, shit you get dust quick

See me in traffic grab your automatic  
And bust bitch you violated my freedom  
Only playback is eat 'em like Dahmer but I bomb 'em  
with Teflon  
When I'm on 'em fuck parole  
Fuck prison, fuck those that don't want to listen

Hi, I'm Jon Norris with MTV news this hour on music biz  
Racism and online hate speech  
But first, albums have been stickered and banned  
And in the past Luther Campbell of 2 Live Crew was  
arrested  
For a night because of an on stage performance

But on Tuesday we believe for the first time  
A recording artist has been jailed for the lyrics on his  
record  
He is Sacramento based rapper C-Bo given the name  
Shawn Thomas  
According to the California State Department of  
Corrections

The new C-Bo album 'Till my casket drops'  
Has lyrics that do just that plus  
This one you're about to hear
