Kenny G
"All The Way (Feat. Brian McKnight)"

NothingÃ¢Â€Â™s ever quite the way you think
Sometimes I canÃ¢Â€Â™t see whatÃ¢Â€Â™s in front
of me
I know you look at me as just a friend
ThatÃ¢Â€Â™s all I am and all IÃ¢Â€Â™ve ever been

It took a little time for me to see
That I could fall for you so easily
I believe that you were heaven sent
I may never get this chance again to tell you that

I want you more than words can say
I gotta have you in each and every way
IÃ¢Â€Â™m open, an' I was hopinÃ¢Â€Â™ we could
take it all the way

I need you when all is said and done
I really need you Ã¢Â€Â˜cause youÃ¢Â€Â™re the one
I love you, an' I was hopinÃ¢Â€Â™ we could take it all
the way

You can tell me if you donÃ¢Â€Â™t agree
That this is happening so suddenly
But if you ever think of you and me
Or me and you and how good it could be

Then let me love you, let me in your life
Let me take you up to higher heights
Life without you girl would be punishment
I believe that this to be is meant

I want you more than words can say
I gotta have you in each and every way
IÃ¢Â€Â™m open, an' I was hopinÃ¢Â€Â™ we could
take it all the way

I need you when all is said and done
I really need you Ã¢Â€Â˜cause youÃ¢Â€Â™re the one
I love you, an' I was hopinÃ¢Â€Â™ we could take it all
the way

YouÃ¢Â€Â™re everywhere I wanna be

Seen everything I need to see
Falling like stars from the sky
ThereÃ¢Â€Â™s no more questions or why

I know you want me too
And baby girl and everything I do I do for you

I want you more than words can say
I gotta have you in each and every way
IÃ¢Â€Â™m open, an' I was hopinÃ¢Â€Â™ we could
take it all the way

I need you when all is said and done
I really need you Ã¢Â€Â˜cause youÃ¢Â€Â™re the one
I love you, an' I was hopinÃ¢Â€Â™ we could take it all
the way

I want you more than words can say
I gotta have you in each and every way
IÃ¢Â€Â™m open, an' I was hopinÃ¢Â€Â™ we could
take it all the way

I need you when all is said and done
I really need you Ã¢Â€Â˜cause youÃ¢Â€Â™re the one
I love you, an' I was hopinÃ¢Â€Â™ we could take it all
the way
