I've been around this world, I've been a lot of places  
Seen a million faces in a thousand times  
But when I looked into your eyes  
I knew I found heaven and I've been wanting to tell you  
I never want to let you go

It may be winter in Eden  
But what I'm feeling is summer in my heart  
Is it too familiar to say I love you

Would you be suspicious if I asked your name, tell me  
What would it take to really convince you  
That I'm gonna love you, even if my heart would break

Seen a better day, I can feel it coming  
I can hear it coming in the winter night  
'Cause you turned this man into a true believer  
When you left your traces on that moonlit night

It may be winter in Eden  
But when I'm with you, with you, it's summer in my  
heart  
Is it too familiar to say I love you

Would you be suspicious if I asked your name, tell me  
What would it take to really convince you  
That I'm gonna love you even if my heart would break

It may be winter in Eden  
But when I'm with you, with you, it's always summer in  
my heart  
So let the mountains tumble, tumble to the sea

Let the rivers overflow, it won't bother me  
Let the stars go out tonight 'cause I can see them in  
your eyes  
I'm gonna love you even if my heart would break  
Is it too familiar to say I love you

Would you be suspicious if I asked your name, tell me  
What would it take to really convince you  
That I'm gonna love you even if my heart would break

Even if my heart would break, I'm gonna love you  
Even if my heart would break, I'm gonna love you  
Let the stars go out tonight 'cause I can see them in  
your eyes  
And I'm gonna love you, even if my heart would break
