Baby, come inside
Sit down, relax a while
There's no work this time
So I'm all yours tonight

Baby, let's unplug the phone
So that no one will know that we're home
(Unless we should, we'll let 'em believe it)
Got the music nice and low
I don't want nothing to break the flow

It's about the time that we get closer, come on
I'll pour my love like wine, sweet and slow

What you need I'll be tonight
We'll do everything by candlelight
Just you and me

Don't you worry 'bout a thing
I'll be giving you the very love
That you've been missing

Come to me, come closer
I'm feeling your love all over
Come to me, come closer
I'm feeling her love, I love her

Don't pretend tonight, you know I want ya
Let's be real alright 'cause you know
I just wanna love ya, love ya, love ya, love ya

Come to me, come closer
I'm feeling your love all over
Come to me, come closer
I'm feeling her love, I love her

You, I love you so much
You know I love you so much, baby

Come to me, come closer
I'm feeling your love all over
Come to me, come closer

I'm feeling her love, I love her

Come to me, come closer
I'm feeling your love all over
Come to me, come closer
I'm feeling her love, I love her
