I won't let you down
Don't worry 'bout me leavin'
I'll be around, so good, so right
Everyday, every night

Hey, girl with the sad eyes
I want to kiss the pain away
Just wanna hold you long enough
To know that you don't have to feel that way

I know somebody hurt you
I will never make you cry
All I have is love inside, give me your broken heart
And I'll put all your fears aside

I won't let you down
Don't worry 'bout me leavin'
I'll be around, so good, so right
Everyday, every night

I know it ain't easy baby
Letting your guard down again
You don't have to tell me
I understand

You don't have to pay for all the tings he put you
through
Now that you have me in your life
No more sad and lonely
Now that you're not the only one it's you and I

I won't let you down
Don't worry 'bout me leavin'
I'll be around, so good, so right
Everyday, every night

You know that I won't go I'll be around
Baby don't you know you don't have to worry
'Cause you know I won't go
You don't have to worry

I won't let you down

Don't worry 'bout me leavin'
I'll be around, so good, so right
Everyday, every night
