All I want is the truth  
I guess that's just too much to ask of you  
Cause every time we come face to face  
It takes me back in time and space

Girl I can hardly breathe  
It's like you got a hold of my heart  
And you're tearing it out of me

Here I'm never getting over you  
I got one shot  
I know what I gotta do

[Chorus]  
All that I need's  
A second of silence  
A moment of grace  
A breath of clean air  
In a wide open place  
With a blue horizon slidin' into view

A hundred miles of highway'll  
Make a new man of me  
With nothing but beginnings as far as I can see  
Girl I know the place I'm comin' to  
It's just a years worth of distance from you

Don't know what it's gonna take  
But from here on  
I'm runnin' on blind faith  
'N the only way I'm getting' through  
Is to walk on from now on  
Without you

[Repeat chorus]

A hundred miles of highway'll  
Make a new man of me  
With nothing but beginnings as far as I can see  
Girl I know the best thing I can do  
It's just a years worth of distance from you

Everything you were to me  
Everything you touch  
I oughta hate you girl  
But I still love you too much

A hundred miles of highway'll  
Make a new man of me  
With nothing but beginnings as far as the eye can see  
Girl I know the place I'm comin' to

It's just a years worth of distance from you  
To build up my resistance  
I'll take a years worth of distance  
Distance from you
