Wake up

Somewhere out in space a moonlit face was watching
Lookin' to find a time to become
Slowly two lovers lay hypnotized
Holding the moment in their eyes
World changes

Lightly one by one
Try to hide the mirrors
But baby, they just keep turnin' up
And I know you can't look away from you
When you're lookin' into

Isabella's eyes
Shine your light and make your mama smile
All our angels come
To welcome the awakenin' one
Awakenin' wonder

Once I met a man who knew where he was goin'
And let everybody tag along
But suddenly love had another plan
Shook him and took him by the hand
World changes

There's a boy I know
Believes that he's in danger
He'll never give up without a fight
If you open your heart there's no way to lose
So just surrender to

Isabella's eyes
Shine your light and make your mama smile
All our angels come
To welcome the awakenin' one
Awakenin' wonder

Isabella's eyes
Shine your light and make your mama smile
All our angels come
Come to welcome the awakenin' one

Awakenin' wonder

Millions of dreams are part of the plan
You are the one dream that's real
This changes everything
Now that I am
In the spell of

Isabella's eyes
Shine your light and make your mama smile
All our angels come
To welcome the awakenin' one
Awakenin' wonder

Isabella's eyes
Shine your light and make your mama smile
All our angels come
To welcome the awakenin' one
Awakenin' wonder

You shine on me
A light on me
Inside of me

You shine on me
A light on me
Inside of me
(Inside of me)

You shine on me
A light on me
Inside of me
I woke up the awakenin' one
Awakenin' wonder

Isabella's eyes
Shine your light and make your mama smile
All our angels come
To welcome the awakenin' one
Awakenin' wonder

Isabella's eyes
Shine your light and make your mama smile
All our angels come
To welcome the awakenin' one
Awakenin' wonder

Isabella's eyes
Shine your light and make your mama smile
