I prayed for somethin,' I could never understand  
The sword of Shiva to deliver me to unimagined lands  
And there you were  
I asked for somethin' that could catch me by surprise  
To leap into the belly of the beast to rip me up and  
bring me out alive  
And there you were

Into your eyes  
I'm falling rain  
Into your eyes  
A hurricane  
Into your eyes  
I'm coming home  
I'm holding on  
I'm letting go

Oh, I'm flying free  
Over the land of the prophecy  
All my future's below  
Oh, I pledge my life  
All I am to be by your side  
Then you whisper that all you need of me is just to  
breathe

Initiation to the wisdom of the heart  
An invocation know to humble men and tear their  
worlds apart  
And there you were  
I prayed every night n'day for somethin' to believe  
Some brand of magic that could lift me up and bring  
me to my knees  
And there you were

Into your eyes  
I'm falling rain  
Into your eyes  
A hurricane  
Into your eyes  
I'm coming home  
I'm holding on  
I'm letting go

Oh, I'm flying free  
Over the land of the prophecy  
All my future below  
Oh, I pledge my life  
All I am to be by your side  
Sworn to love you as long as I shall breathe

In every other lover's eyes  
Keep it up, keep it up, keep it up, all your life  
In the line of duty we can never do enough  
I am surrendered  
I am ascended on love

I'm flying free  
Over the land of the prophecy  
All of my future before my eyes and  
Oh, I pledge my life  
All I am to be by your side  
Come and take me home

Oh my father's son  
New reborn as the chosen one  
Now he kneels at your feet, my love  
Oh, I pledge my life  
All I am to be by your side  
Come and take me home
