Hold me
Long enough to tell me
What you told me
Long ago
Before you got to know me
Only when lovers try
They learn to talk it out
To keep their love alive
That's the only way, I say
That love survives
It's time we try

Loraine
Won't you show the way
Hearts that bend won't break
If they learn to face the truth now
Show me how
Loraine
I know you feel the same
Hold me now
I don't know what to say
I'm so in love with you
Loraine

Talk to me
Isn't that the way they say you lie to me
But what's the use if we end up a memory
Remembering our honesty
I always thought that's what you want of me
But now the truth has made you turn your back on me
Can't you see

Loraine
Won't you show the way
Hearts that bend won't break
When they learn to face the truth now
Show me how
Loraine
I know you feel the same
Hold me now
I don't know what to say
I'm so in love with you

Lorraine

I've got to find a way
I beg you babe
I need to hear you say
You love me
If I have the chance
I won't let you go
I'll stay by your side
I'll be lovin' you darlin'
And for all of my life
I will let you know
You're my only love
Just believe in me darlin'

Look in my eyes
I swear this is true
If you want it
You got it
I promise you, Lorraine

Lorraine
Won't you show the way
Hearts that bend won't break
When they learn to face the truth now
Show me how
Lorraine
I know you feel the same
Hold me now
I don't know what to say
I'm so in love with you

Lorraine
Won't you show the way
Hearts that bend won't break
When they learn to face the truth now
Show me how
Lorraine
I know you feel the same
Hold me now
I don't know what to say
I'm so in love with you
Lorraine

I swear, I love you
I always will
This kind of feeling never came to me until Lorraine
I swear, I love you
I always will
This kind of feeling never came to me until Lorraine
